There was one correction to the minutes of February, 2018. The retirement month of Bill Bailey from the Business Department of St. Anthony's is March, 2018.

The first order of business was a review of the St. Anthony Parish Council Constitution. A draft copy of the current constitution and a sample constitution from the Diocese had been emailed to each council member with highlighted points to be discussed as to change or to keep as written. Not all points of discussion were finalized. Each Council member was to take their copy home and read for more thought and wording to be shared at the next council meeting.

Questions concerning the bells of the Church currently not ringing as they had been scheduled to ring before. When the roofing was finished, the change was noticed but John was told the bells were as before but ringing more quietly. He will make mental note to tally the ringing and the volume.

Deb Williams has looked into charter bus fares for the Christ Our Life Conference, September 29, 2018 in Des Moines, IA. She has received two fare schedules and with food the cost would run around \$65.00 adults / \$55.00 students. This charter will not be for St. Anthony parishioners only. Friends, other family may join also.

John had attended a Safety Ministry Workshop and will schedule two ALICE training events for St. Anthony's. Tim Lane will be the presenter and St. Anthony ushers will be asked to attend also. Kim asked to look into a lock for the Choir Loft. This is a definite safety issue for the organ and the people needing to be in the loft

The weekly Lenten Reflections written by St. Anthony individual parishioners is published on-line and printed copies are available at entrances to the Church.

John distributed printed charts of St. Anthony website visits on the internet. The charts outlined the "Top Pages of the Month," "Search Terms of the Month," "Referring Sites this Month," etc.
